

## How to Play Poker Dice

Poker Dice is a game where players roll five dice in an attempt to form the best poker hand. The goal is to accumulate the highest points by the end of the final round.

## Game Setup

Before playing, you need to set up the game:

1. **Adding Players:**
  - Enter a player's name in the text box on the left.
  - Click the **"Add Player"** button to add them to the list.
  - Repeat for each player.
2. **Choosing Rounds:**
  - Set the number of rounds using the selection box under **Game Options**.
3. **Starting the Game:**
  - Click **"Start Game"** once all players are added.

## Gameplay

Each player takes turns rolling five dice to form the best possible poker hand.

1. **Rolling Dice:**
  - Click the **"Roll"** button to roll all five dice.
  - You can roll up to three times per turn.
2. **Holding Dice:**

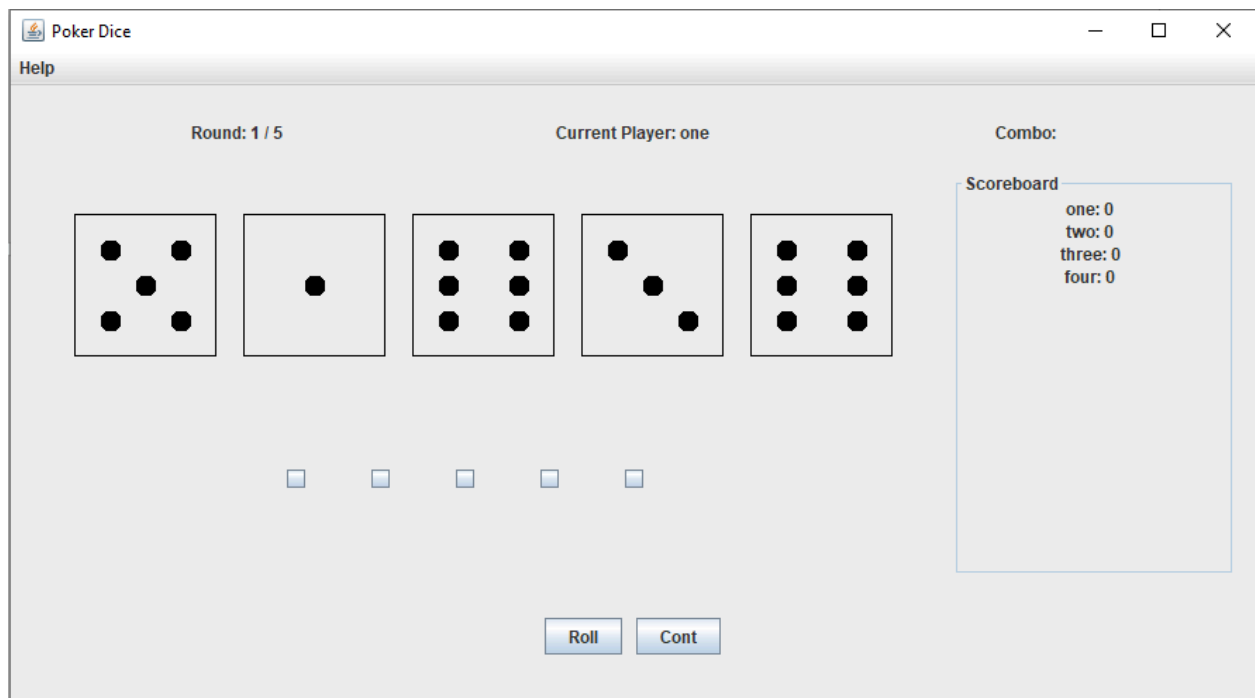

- If you want to keep specific dice, check the boxes below them.
  - Held dice will not be re-rolled.
3. **Ending Your Turn:**
- If satisfied with your hand, click **"Cont"** to submit your score.
  - The turn then moves to the next player.

## Scoring System

- Hands are ranked similarly to poker (e.g., Full House, Straight, etc.).
- Points are awarded based on the rarity of the hand (higher-ranked hands earn more points).
- The player with the highest accumulated score at the end of all rounds wins.

## Game Layout

- **Game Information:** Displayed at the top.
- **Dice and Hold Options:** Centered in the game window.
- **Player Scores:** Shown on the right.

Once all rounds are complete, the player with the most points wins the game!
